Overview

Support IQ (dSQ) is an AI-enhanced customer support platform supporting **3 modes** and **10 personas**. Each persona has role-specific queries that return appropriate widgets based on semantic pattern matching with pgvector embeddings.

Modes Summary

Mode	Description	Personas
Government	Federal & public sector contract management	COR, Program Manager, Stakeholder Lead
Project	Agile project management & development teams	Project Manager, Service Team Lead, Service Team Member
ATC	Enterprise support & customer success	Executive, CS Manager, Support Agent, CSM

Test Coverage

Mode	Tests	Pass Rate
Government	33/33	100%

Project	31/31	100%
ATC	53/53	100%
Total	117/117	100%

Government Mode

Government mode focuses on federal contracting, program oversight, and stakeholder management. Uses terminology like "Compliance" instead of "SLA".

1. COR - Contracting Officer's Representative

Persona: Alexa Johnson **Role:** Contracting Officer's Representative **Badge:** COR (Purple) **URL:** /dsq/demo/cor

Quick Actions

- Contract Status (Active)
- Vendor Performance (92%)
- Compliance Dashboard (✓)
- Budget Tracking (\$2.4M)
- Deliverables Review (8)

Demo Queries

#	Query	Widget	Response
1	"Show contract status"	contract-performance-dashboard	Contract performance dashboard shows portfolio metrics and status
2	"Show me current contract status"	contract-performance-dashboard	Contract performance dashboard shows portfolio metrics and status
3	"Show contract performance dashboard"	contract-performance-dashboard	Contract performance dashboard shows portfolio metrics and status
4	"Show vendor performance"	vendor-compliance-dashboard	Vendor compliance dashboard shows SLA performance and compliance status
5	"Show me vendor performance metrics"	vendor-compliance-dashboard	Vendor compliance dashboard shows SLA performance and compliance status
6	"Show me compliance dashboard"	vendor-compliance-dashboard	Vendor compliance dashboard shows SLA performance and compliance status
7	"Show deliverables due this month"	deliverable-review-list	Deliverable reviews pending your approval
8	"Show me contract deliverables status"	deliverable-review-list	Deliverable reviews pending your approval

9	"Show me budget tracking dashboard"	budget-utilization-dashboard	Budget utilization and burn rate analysis
10	"Budget remaining for contracts"	budget-utilization-dashboard	Budget utilization and burn rate analysis
11	"Who is top performing agent?"	agent-performance-comparison	Here's the performance comparison for your team
12	"Who is most slacking agent?"	team-workload-dashboard	Team workload analysis showing agents who may need support

2. Program Manager

Persona: Jennifer Chen **Role:** Program Manager **Badge:** PM (Blue) **URL:** /dsq/demo/program-manager

Quick Actions

- Program Overview (5 Projects)
- Milestone Tracker (12)
- Stakeholder Reports (Q4)
- Resource Allocation (View)
- Risk Register (3)

Demo Queries

#	Query	Widget	Response
1	"Show program overview"	program-health-dashboard	Program health dashboard shows portfolio status and key metrics
2	"Show program health dashboard"	program-health-dashboard	Program health dashboard shows portfolio status and key metrics
3	"Program health"	program-health-dashboard	Program health dashboard shows portfolio status and key metrics
4	"Show milestone status"	milestone-tracking-dashboard	Milestone progress tracking toward key phases
5	"Milestone status"	milestone-tracking-dashboard	Milestone progress tracking toward key phases
6	"Show risk register"	program-health-dashboard	Risk register shows active risks and mitigation plans
7	"Critical risk"	change-request-dashboard	Change requests and risk items requiring attention
8	"Show resource allocation"	resource-capacity-dashboard	Resource capacity and utilization across the team
9	"Resource capacity"	resource-capacity-dashboard	Resource capacity and utilization across the team

10	"Show me sprint burndown"	sprint-burndown-chart	Sprint burndown chart shows current sprint progress and velocity tracking
11	"Sprint burn-down"	sprint-burndown-chart	Sprint burndown chart shows current sprint progress and velocity tracking
12	"top performers"	agent-performance-comparison	Here's the performance comparison for your team

3. Stakeholder Lead

Persona: Jessica Martinez **Role:** Stakeholder Lead **Badge:** LEAD (Green) **URL:** /dsq/demo/stakeholder-lead

Quick Actions

- Impact Analysis (New)
- Change Requests (7)
- User Feedback (24)
- Requirements Tracking (89%)
- Communication Log

Demo Queries

#	Query	Widget	Response
1	"Show impact analysis"	stakeholder-engagement-dashboard	Stakeholder engagement metrics and communication effectiveness
2	"Stakeholder engagement status"	stakeholder-engagement-dashboard	Stakeholder engagement metrics and communication effectiveness
3	"Show stakeholder engagement"	stakeholder-engagement-dashboard	Stakeholder engagement metrics and communication effectiveness
4	"Show change requests"	change-request-dashboard	Change requests and risk items requiring attention
5	"Change request pending"	change-request-dashboard	Change requests and risk items requiring attention
6	"Show user feedback"	sentiment-analysis	User feedback analysis and satisfaction trends
7	"Show requirements tracking"	requirements-tracking-dashboard	Requirements tracking shows implementation progress and coverage
8	"Requirements tracking status"	requirements-tracking-dashboard	Requirements tracking shows implementation progress and coverage
9	"Requirements traceability"	requirements-tracking-dashboard	Requirements tracking shows implementation progress and coverage
10	"Upcoming meetings"	meeting-scheduler	Meeting scheduler and upcoming appointments

Project Mode

Project mode focuses on agile development, sprint management, code quality, and team performance.

4. Project Manager

Persona: Dale Thompson **Role:** Project Manager **Badge:** PM (Blue) **URL:** /dsq/demo/project-manager

Quick Actions

- Project Dashboard (Live)
- Sprint Planning (Sprint 12)
- Team Capacity (78%)
- Blocker Resolution (5)
- Client Meetings (3)

Demo Queries

#	Query	Widget	Response
1	"Show sprint burndown"	sprint-burndown-chart	Sprint burndown chart shows current sprint progress and velocity tracking
2	"Burndown"	sprint-burndown-chart	Sprint burndown chart shows current sprint progress and velocity tracking
3	"Show team velocity"	team-velocity-dashboard	Team velocity trends across recent sprints
4	"Velocity"	team-velocity-dashboard	Team velocity trends across recent sprints
5	"Show resource capacity"	resource-capacity-dashboard	Resource capacity and utilization across the team
6	"Resource capacity"	resource-capacity-dashboard	Resource capacity and utilization across the team
7	"Show blockers"	blocker-resolution-dashboard	Active blockers requiring attention
8	"Blocker"	blocker-resolution-dashboard	Active blockers requiring attention
9	"Sprint planning"	task-kanban-board	Sprint task board shows current work items
10	"top performers"	agent-performance-comparison	Here's the performance comparison for your team

5. Service Team Lead

Persona: Herbert Roberts **Role:** Service Team Lead **Badge:** LEAD (Green) **URL:** /dsq/demo/service-team-lead

Quick Actions

- Team Workload (12 Tasks)
- Code Quality (94%)
- Code Reviews (8)
- Deployment Status (✓)
- Team Performance (View)

Demo Queries

#	Query	Widget	Response
1	"Show team workload"	team-workload-dashboard	Team workload dashboard shows task distribution and capacity
2	"Team workload"	team-workload-dashboard	Team workload dashboard shows task distribution and capacity
3	"Show code quality metrics"	code-quality-dashboard	Code quality metrics show technical debt and test coverage
4	"Code quality"	code-quality-dashboard	Code quality metrics show technical debt and test coverage
5	"technical debt"	code-quality-dashboard	Code quality metrics show technical debt and test coverage
6	"Show code reviews"	code-quality-dashboard	Code review status and pending reviews
7	"Show deployment status"	deployment-pipeline-dashboard	Deployment pipeline status shows CI/CD health and recent deployments
8	"Deployment"	deployment-pipeline-dashboard	Deployment pipeline status shows CI/CD health and recent deployments
9	"DORA metrics"	dora-metrics-dashboard	DORA metrics show engineering performance indicators
10	"DORA"	dora-metrics-dashboard	DORA metrics show engineering performance indicators
11	"Show DORA metrics"	dora-metrics-dashboard	DORA metrics show engineering performance indicators

6. Service Team Member

Persona: Molly Rivera **Role:** Service Team Member **Badge:** MEMBER (Gray) **URL:** /dsq/demo/service-team-member

Quick Actions

- My Sprint Tasks (7)
- My Pull Requests (3)
- My Performance Stats
- Knowledge Base Search

- My Blockers (2)

Demo Queries

#	Query	Widget	Response
1	"Show my assigned requests"	agent-dashboard	Here's your daily overview with tasks and priorities
2	"Daily update"	agent-dashboard	Here's your daily overview with tasks and priorities
3	"my dashboard"	agent-performance-stats	Your personal performance metrics
4	"Show my performance this week"	agent-performance-stats	Your personal performance metrics
5	"my performance"	agent-performance-stats	Your personal performance metrics
6	"Show my sprint tasks"	task-kanban-board	Sprint task board shows current work items
7	"My tasks"	task-kanban-board	Sprint task board shows current work items
8	"Sprint task"	task-kanban-board	Sprint task board shows current work items
9	"code quality"	code-quality-dashboard	Code quality metrics show technical debt and test coverage
10	"top performers"	agent-performance-comparison	Here's the performance comparison for your team

ATC Mode (Enterprise Support)

ATC mode focuses on enterprise customer support, success management, and executive oversight.

7. C-Level Executive

Persona: Jennifer Anderson **Role:** C-Level Executive (CEO) **Badge:** EXEC (Gold) **URL:** /dsq/demo/atc-executive

Quick Actions

- SLA Performance (92%)
- Churn Risk (5)
- Executive Summary (Q4)
- Board Metrics
- High-Value Accounts (18)

Demo Queries

#	Query	Widget	Response
1	"Show me executive summary"	executive-summary	Executive summary shows key business metrics and performance
2	"Show board-level metrics"	executive-summary	Executive summary shows key business metrics and performance
3	"Show detailed analytics"	analytics-dashboard	Analytics dashboard shows operational trends and metrics
4	"Show me the detailed analytics"	analytics-dashboard	Analytics dashboard shows operational trends and metrics
5	"Show me SLA performance"	sla-performance-chart	SLA performance breakdown by tier
6	"Show me the SLA performance breakdown"	sla-performance-chart	SLA performance breakdown by tier
7	"Which customers are at churn risk?"	customer-risk-list	High-risk customers requiring attention
8	"Show me high-risk customers"	customer-risk-list	High-risk customers requiring attention
9	"customer sentiment"	sentiment-analysis	Customer sentiment analysis and trending topics
10	"top performers"	agent-performance-comparison	Here's the performance comparison for your team

8. CS Manager

Persona: David Miller **Role:** Customer Success Manager **Badge:** MGR (Orange) **URL:** /dsq/demo/atc-manager

Quick Actions

- Priority Customers (12)
- Agent Performance
- Most Slacking (!)
- Top Performing
- Workload Balance
- Team Budget (\$450K)

Demo Queries

#	Query	Widget	Response
1	"Show me team status"	team-workload-dashboard	Team workload dashboard shows task distribution and capacity
2	"Show me my team's status"	team-workload-dashboard	Team workload dashboard shows task distribution and capacity

3	"Show workload balance"	team-workload-dashboard	Team workload dashboard shows task distribution and capacity
4	"Who is top performing agent?"	agent-performance-comparison	Here's the performance comparison for your team
5	"Who are the top and bottom performers?"	agent-performance-comparison	Here's the performance comparison for your team
6	"compare agent performance"	agent-performance-comparison	Here's the performance comparison for your team
7	"Who is most slacking agent?"	team-workload-dashboard	Team workload analysis showing agents who may need support
8	"Show me all high-risk customers"	customer-risk-list	High-risk customers requiring attention
9	"Show team budget"	analytics-dashboard	Team budget overview and allocation
10	"my current tickets"	ticket-list	Here are the latest end user requests
11	"Show ticket DESK-1001"	ticket-detail	Ticket details

9. Support Agent

Persona: Christopher Hayes **Role:** Senior Support Engineer **Badge:** SUPPORT AGENT (Teal) **URL:** /dsq/demo/atc-support

Quick Actions

- Live Tickets Dashboard (New)
- My Open Tickets (18)
- AI-Resolved Today (23)
- Escalated to Me (5)
- Today's Meetings (3)
- Jira Sync Status (✓)
- High-Priority Alerts (7)

Demo Queries

#	Query	Widget	Response
1	"Good morning, what's on my plate today?"	agent-dashboard	Here's your daily overview with tasks and priorities
2	"what is on my plate today"	agent-dashboard	Here's your daily overview with tasks and priorities
3	"good morning"	agent-dashboard	Here's your daily overview with tasks and priorities
4	"Show me my performance stats"	agent-performance-stats	Your personal performance metrics

5	"Show me my tickets"	ticket-list	Here are the latest end user requests
6	"my tickets"	ticket-list	Here are the latest end user requests
7	"Show ticket DESK-1001"	ticket-detail	Ticket details
8	"Show me ticket TICK-001"	ticket-detail	Ticket details
9	"Find similar tickets I've resolved"	similar-tickets-analysis	Similar tickets and resolution patterns
10	"similar tickets"	similar-tickets-analysis	Similar tickets and resolution patterns
11	"Help me prepare for the call with Acme Corp"	call-prep-notes	Call preparation notes for your upcoming customer call
12	"prepare for call"	call-prep-notes	Call preparation notes for your upcoming customer call
13	"Draft response for angry customer"	response-composer	I'll help you draft a professional response
14	"draft response"	response-composer	I'll help you draft a professional response
15	"Search knowledge base for password reset"	knowledge-article	Password reset guide
16	"knowledge base"	knowledge-base-search	Knowledge base search results
17	"password reset"	knowledge-article	Password reset guide

10. Customer Success Manager (CSM)

Persona: Jordan Taylor **Role:** Customer Success Manager **Badge:** CSM (Purple) **URL:** /dsq/demo/atc-csm

Quick Actions

- Customer Health Scores (Live)
- Product Adoption (Metrics)
- Renewal Pipeline (12)
- Customer Feedback (NPS)
- Upsell Opportunities (\$2.4M)
- Product Roadmap (Q1)
- Customer Meetings (8)

Demo Queries

#	Query	Widget	Response
---	-------	--------	----------

1	"Show customer health scores"	customer-risk-list	Customer health scores and account status
2	"customer health scores"	customer-risk-list	Customer health scores and account status
3	"Show upcoming renewals"	analytics-dashboard	Upcoming contract renewals
4	"upcoming renewals"	analytics-dashboard	Upcoming contract renewals
5	"Show upsell opportunities"	customer-risk-list	Expansion and upsell opportunities
6	"upsell opportunities"	customer-risk-list	Expansion and upsell opportunities
7	"expansion opportunities"	customer-risk-list	Expansion and upsell opportunities
8	"Which customers declining adoption?"	analytics-dashboard	Product adoption metrics and feature usage
9	"product adoption"	analytics-dashboard	Product adoption metrics and feature usage
10	"churn risk analysis"	customer-risk-profile	Churn risk analysis for at-risk clients
11	"NPS survey results"	sentiment-analysis	NPS and customer feedback analysis
12	"business review"	meeting-scheduler	Business review scheduling
13	"top performers"	agent-performance-comparison	Here's the performance comparison for your team

Universal Queries

These queries work across ALL personas:

Query	Widget	Response
"Show me zoho tickets"	ticket-list	Here are the latest end user requests
"show me my zoho tickets"	ticket-list	Here are the latest end user requests
"Show me tickets"	ticket-list	Here are the latest end user requests
"top performers"	agent-performance-comparison	Here's the performance comparison for your team
"Who is top performing agent?"	agent-performance-comparison	Here's the performance comparison for your team
"draft a response"	response-composer	I'll help you draft a professional response
